

Canine Sick Visit Checklist

The Sick Visit check in questions below will help your doctor determine your pet's diagnosis & help us to create a treatment plan for your pet. Please fill out to the best of your knowledge.

1. Please list your pets symptoms & the length of time they have been occurring:
2. Is your dog's appetite, thirst, and activity levels normal? If not please explain.
3. Has your dog been coughing, sneezing, vomiting, or itching?
4. Is your dogs urination and defecation normal?
5. Is your dog current on Heartworm, Flea, & Tick Prevention Medication?
6. Is your dog microchipped?
7. When was your dog's last bloodwork done?
8. Is your dog on any medications currently? Please List:
9. Has your dog ever had any reactions to any medication or vaccinations?
10. Please list any other concerns or notes for the doctor:
