

## **Feline Sick Visit Checklist**

The Sick Visit check in questions below will help your doctor determine your pet's diagnosis & help us to create a treatment plan for your pet. Please fill out to the best of your knowledge.

1. Please list your pets symptoms & the length of time they have been occurring:
2. Is your cat's appetite, thirst, and activity levels normal? If not please explain.
3. Has your cat been coughing, sneezing, vomiting, or itching?
4. Is your cats urination and defecation normal?
5. Is your cat current on Heartworm, Flea, & Tick Prevention Medication?
6. Is your cat microchipped?
7. When was your cat's last bloodwork done?
8. Is your cat on any medications currently? Please List:
9. Has your cat ever had any reactions to any medication or vaccinations?
10. Please list any other concerns or notes for the doctor:
